Technical Skills: C++, JavaScript, SQL, HTML, CSS, Python

Technologies/Frameworks: React.js, Next.js, Node.js, Express.js, MongoDB

EXPERIENCE

Senior Web Developer Intern

TriniT.ai Pvt Ltd – Bhopal   Sept 2024 – Jan 2025

- Owned end-to-end development and maintenance of the company's flagship website, ensuring seamless UX/UI and cross-browser compatibility.
- Collaborated with a fellow intern to optimize website performance, reducing load time by 30% through code refactoring and asset optimization.
- Led a workshop on AI/ML fundamentals for 50+ employees, driving adoption of automation tools in internal workflows.

PROJECTS

R.P.Estate — Full Stack   June 2025

- Developed a full-stack real estate web application using React, Node.js, Express, and MongoDB, enabling over 100 users to create, search, and manage property listings with secure authentication and authorization.
- Integrated Cloudinary for image uploads, supporting up to 6 images per listing, and implemented advanced search and filter features (by amenities, price, and listing type) to enhance user experience and reduce search time by 30%.
- Implemented secure user-to-user messaging with email notifications using Nodemailer and Gmail App Passwords, facilitating communication between buyers and property owners and achieving a 100% delivery rate for inquiry emails.

E Learning — Full Stack   June 2024

- Developed a full-stack e-learning platform using React and REST APIs, allowing users to enroll in, purchase, and track progress across multiple online courses.
- Automated course management for admins, including real-time lecture uploads, user role assignments, and instant feedback via toast notifications, boosting admin efficiency by 40%.
- Enhanced user engagement by integrating secure payment simulation, personalized dashboards, and responsive UI components, resulting in a streamlined learning experience for all users.

CERTIFICATIONS

- Oracle Cloud Database Management (Mar 2024)   -   NPTEL Cloud Computing (Jan 2024 – Apr 2024)
- IBM AI Machine Learning Coursera (Dec 2023)   -   Postman API Fundamentals (July 2023)

ACHIEVEMENTS

- I have authored numerous LeetCode solutions, garnering over 15000 views and 150+ upvotes.
- Finalist in the GrabHack 2025 Hackathon conducted on UnStop.

EXTRACURRICULAR ACTIVITIES

- **General Secretary** @ Android Club - VIT Bhopal (Jan 2025 - Present)
  Led a session on **Web Development** with engaging activities, achieving an 80% completion rate with **positive feedback**. **Direct the SDC team** in developing engaging web applications and oversee project timelines like club's main website , AcWoC and 404 Fun Found websites.
